NOOSA JUNCTION

www.noosajunction.org

Graffiti Watch – some businesses and property have been targeted recently by graffiti vandals – the best defence is to **remove any graffiti tags ASAP**. NJA is working with local police and building owners & some of the offenders have already been prosecuted.

Security in the precinct – NJA is working with local police on a joint funding grant for CCTV. We are also working with our bars, restaurants and late-night venues on a plan to increase safety and security with Junction Concierge security patrols, CCTV and improved lighting.

Membership and Benefits - reminder – all members are entitled to marketing, promotional and networking benefits. Remember to send through photos, specials, and to tag us in Facebook and Instagram posts. If you need help or more info please speak to our marketing & publicity team (Judi & Vicky contactatnoosajunction@gmail.com).

Welcome Packs & Junction Business Benefits – The NJA Business Welcome Pack introduces the Junction Precinct, the NJA's role, key contacts and information. If you have a B2B offer you'd like to include or promote let us know on contactatnoosajunction@gmail.com

Committee update – The NJA Committee meets at 5.30pm every third Tuesday - all members are welcome to join as guests. The Agenda includes a budget review, Objectives and Action Plan, and other topical Junction issues and opportunities.

Current projects – ask any of our committee for an update

- **Noosa Junction Placemaking** – plan with Noosa Council to improve our streets & facilities
- **Boring Walls and Lanes with Art** – watch out for our beautiful new walls and Laneways with unique artwork by local and emerging artists, including Visual Arts students from St Andrews Anglican College. The program is to deter graffiti and encourage more people to visit
- **Buy a Christmas Star & help us light up the Junction for Christmas**

NJA Networking – hope to see you Monday 24 September invites to follow...

Michael Tozer NJA President
